

# NAVIGATOR™

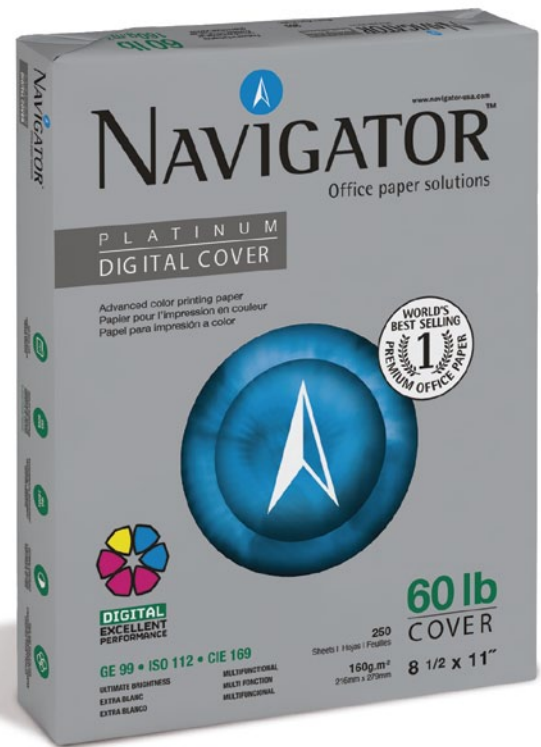

PLATINUM  DIGITAL

## Brighten up your work.

By choosing the new Platinum Digital Cover 60lb, you are automatically making a point for quality. With the addition of the new 60lb to its range, Navigator raises the bar of color printing.

The whiteness of its sheet enhances color contrast and the high thickness is ideal for duplex printing, making it perfect for documents that require excellent 4-color printing quality.

Using this premium paper will not only improve your work, but also allow you to save time and money. Navigator's rapid ink absorption leads to a lower toner consumption and the excellent paper formation avoids paper jams, which will extend the lifespan of your printer.

## Advanced color printing benefits that surpass by far standard digital paper:

**HIGH QUALITY FIBER** - By using the best quality fiber - *Eucalyptus globulus* - Navigator guarantees optimum paper characteristics for digital printing. It's smoother, more opaque and has an excellent thickness / stiffness ratio, which allows for jam-free printing and a better printing quality, even in duplex applications using color.

**ENVIRONMENT** - Our commitment is to the highest environmental standards and continuous improvement in our forest management practices. Our responsible forest stewardship ensures the renewable supply of *Eucalyptus globulus* fiber and the preservation of biodiversity.

### ENSURED DIGITAL EXCELLENT PERFORMANCE

GE Brightness 99 - ISO Brightness 112  
CIE Brightness 169

#### 100% SATISFACTION:

Product replacement guarantee.

#### MULTIFUNCTIONAL

ISO 14001, ISO 9001 AND ISO 9706

### GUARANTEES PREMIUM AESTHETICS DUE TO ITS LEADING PAPER FEATURES:
